## MRS. J. C. C. MAYO MARRIED TO DR. FETTER

HAPPY CULMINATION OF ACQUAINTANCE FORMED LAST WINTER IN FLORIDA.

The following is taken from the Ashland Independent of Saturday, September 23:

Mrs. J. C. C. Mayo, widow of Col. John C. C. Mayo, late of Paintsville, who did so much to develop the Big Sandy regions, and whose success in life rivaled the stories of Aliaddin, was married at 2:30 o'clock this afternoon to Dr. S. P. Fetter of Portsmouth, O. Dr. Fetter and Mrs. Mayo met last winter while both were at Miami, Fla.

The wedding was solemnized at the home of Postmaster and Mrs. C. M. Preston of East Lexington avenue.

Rav. C. A. Shaffer, of the M. E. Church South, performed the ceremony. He was Mrs. Fetter's pastor in Paintsville a few years ago.

The wedding was a very quiet affair, and was solemnized in the presence of the Preston family, who are relatives of Mrs. Fetter. Mr. and Mrs. J. W. M. Stewart, Judge and Mrs. John P. Haiger, Mr. and Mrs. F. H. Henderson, Miss Anna M. Peage and Miss Anna Mary Kelly, of Ashland, and Mr. and Mrs. Carl Hess of Huntington. The wedding march was played by Rogers Preston on the violin and Mrs. W. J. Bradford on the piano. The bride wore an exquisite gown of delicate antinum tint.

Following the ceremony, Dr. and Mrs. Fetter left for Paintsville, where they will reside.

Previous to the wedding Mrs. Mayo transferred to herself, Dr. Fetter, J. W. M. Stewart, of Ashland, M. F. Conley, of Louisville, and John E. Buckingham of Paintsville, as trustee for her two children, John C. C. and Margaret Mayo, one-half the stock of the Mrs. John C. C. Mayo company, a corporation under the laws of Kentucky, the papers for which were filed yesterday by Mrs. Mayo's attorneys, Haiger and Stewart of Ashland. Mrs. Mayo converted to the company all the vast holdings which Col. Mayo left unreveredly to her under his will.

Mrs. Fetter, who is one of the wealthiest women in her own right in the country, is the possessor of rare beauty, personal charm and manners. She is beloved by all who know her, especially by the people of the Big Sandy region, among whom she was reared and in whose welfare she is sincerely interested. She was a devoted and loving wife to Col. Mayo and much of his wonderful success was due to her counsel and help. She is also an ideal mother and is deeply devoted to her children.

Dr. Fetter is one of Portsmouth's most successful and prominent physicians, a young man of fine appearance, sterling worth and strong character.

Before the marriage took place the "Mrs. J. C. C. Mayo Company" was incorporated at \$600,000 and the property of the estate transferred to this corporation. One half of the stock was divided equally between John and Margaret Mayo, ages 16 and 11 respectively to be held in trust for them, with the income, until the age of 25.

The directors of the corporation are Mr. and Mrs. Fetter, J. W. M. Stewart, John E. Buckingham and M. F. Conley.

Mr. and Mrs. Fetter are about the same age—in the middle thirties. It is not necessary to introduce Mrs. Fetter to our readers, as she is too well and favorably known to need any description or praise at our hands. Her benevolence, her intense interest in local people and affairs, have endeared her to everybody. She is a woman of high ideals, standing for churches, schools and temperance, and making her influence felt in all these lines. She has ability, beauty and character, is modest in her work, and devoted to her family home and friends.

Dr. Fetter is a fine Christian gentleman, son of an Episcopal minister from North Carolina. He was one of the leading physicians of Portsmouth and a prominent in Ohio medical circle. The highest words of commendation speak of Dr. Fetter's character and his professional and personal worth now coming from Portsmouth people.

## KENTUCKIANS IN MIMIC BATTLE DECLARED PERFECT.

El Paso, Tex., Sept. 25.—For test purposes, the First Kentucky Infantry on Monday was designated as a portion of a "red" army, which was menacing El Paso. It was ordered to take the position of right flank guard, of the army moving on the city. The third Kentucky Infantry was designated as a portion of a "brown" army, which was ordered to attack the right flank of the invaders. Both sides brought their mounted scouts into play on the mesa, four miles east of camp, and the fun began immediately thereafter.

Scientific scouting preceded a brisk action. As both armies had their machine guns ready for action there was no undue exposure on the part of the fighters. Soldiers in test maneuvers, who exposed themselves to machine gun fire were immediately declared killed. Regular army officers acted as umpires, and after the battle declared that the attack was perfectly conducted, both sides maneuvering well and taking every legitimate advantage.

These tests will be continued all the week.

## LAKE COAL WILL PASS OVER THE NEW SCITOVOILLE BRIDGE

The completion of the double-track bridge over the Ohio river between Siloam, Ky., and Sciotoville, O., the latter part of December will mean the coal from West Virginia and Kentucky mines to lake port will be hauled by the Chesapeake & Ohio Northern by way of Columbus instead of Cincinnati.

At present these shipments which average 600 cars a day arrive in Cincinnati over the C. & O. and depart for Toledo over the E. H. & D.

With the new bridge in use the coal trains will connect with the Hocking Valley near Columbus, and will be hauled over that road, which is owned by the C. & O. to the lake port.

The change will mean an immense saving to the C. & O., as the new route is 96 miles shorter than by way of Cincinnati, and at the same time switch charges at Cincinnati will be saved. The entire run from the mines to the lake port will be made over the C. & O.'s own tracks.

## LABAN McHENRY DIES IN THE FAR WEST

Young Man, Native of Louisa, Falls a Victim to Heart Disease and Other Ills.

Labe McHenry died at Kalama, Washington, September 9, after an illness of more than two years from lung trouble. The immediate cause of his death, however, is said to have been heart disease from which he had been suffering for ten days. In his last hours he called for his Kentucky relatives many times.

Labe was 26 years old. He was married about three months ago to Miss Jeanie Creeling, of Kalama. In addition to the widow, the surviving relatives at Kalama are a sister and brother-in-law, Mr. and Mrs. R. M. Curnutt and his mother, Mrs. Elizabeth McHenry. Eight or nine years ago Labe went to Kalama with his two sisters, Mrs. Curnutt and Miss Emma and his mother. The latter died some time afterward. One brother, Flem, still lives at Louisa.

At various times we have heard good reports about Labe. He was an exemplary young man in every respect and had a high standing at Kalama. He became a Mason at an early age and was the youngest Master Mason in State of Washington. He grew up in the Sunday school of the M. E. Church South at Louisa and was a model boy. The relatives and friends are deeply saddened by his untimely death, but the sorrow is softened by the knowledge that his life was correct and there is no doubt about his future.

The following is from a Kalama Wash. paper:

Laban McHenry was born at Louisa, Lawrence-co., Ky., on August 2, 1890. He lived there until he was 18 years old, when with an older sister he moved to Huntington, W. Va., where he resided two years. Upon her death he came to Kalama, Washington in 1910, with his sister, mother and a sister and her family. He was a Mason and was Worshipful Master of the local order and was the youngest Master Mason in the State of Washington to attain that high position, being but 26 years of age. He was married to Jeanette Creeling June 6, of this year. Their happy home was broken by death on September 9, 1916. Mr. McHenry is survived by his wife, his mother, a brother, Flem McHenry, of Louisa, Ky., and a sister, Mrs. R. M. Curnutt, of Kalama. The funeral services were conducted by Rev. Frank McConaughy of the Congregational church. It was buried with the Masonic ritual at the Odd Fellows cemetery. A large body of Masons from surrounding towns was in attendance.

## GOOD APPOINTMENT FOR A LOUISA MAN

### F. A. JOHNSON BECOMES ASSISTANT SUPERINTENDENT OF REFORM SCHOOL.

The Prison Commission has appointed Frank A. Johnson Assistant Superintendent of the Kentucky Reform School at Greendale, near Lexington. He is the youngest son of Mrs. George F. Johnson, of Louisa. For about two years he has served as bookkeeper and receiver for that institution, filling the difficult position most acceptably. He therefore goes to the higher place with a thorough knowledge of every detail of the school, and it is safe to predict that he will prove an efficient official. His inherent honesty is a guarantee that no graft or useless expenditure will be permitted by his authority.

Mr. Johnson succeeds Mrs. Anne M. Skidmore, formerly of Paintsville, who served the State exceedingly well for nearly four years. She made an enviable record.

It became known Saturday afternoon that the State Board of Prison Commissioners, at its recent meeting held in Frankfort, decided on number of changes in the personnel of the employees at the Reform School at Greendale to become effective October first.

After that time former Mayor Charles P. Weaver, of Louisville, will become officially connected with the institution in the capacity of receiver, succeeding F. A. Johnson, of Louisa.

Mr. Johnson becomes assistant superintendent, succeeding Mrs. Annie M. Skidmore of Paintsville, who has been connected with the institution for the last two and a half years, and who, in the "shake up," loses her position.

Mrs. Skidmore, it is understood, was offered a minor position, but declined it and will leave the school. Her plans for the future have not been announced, but it is understood that she will go to Paintsville for a visit to Mrs. S. P. Fetter, formerly Mrs. John C. C. Mayo, before inking any future engagement.

## THE CALLAHAN SCHOOL WILL NOT OPEN.

On account of a suit brought by heirs of Robert Callahan the school at Louisa bearing his name will not be open this year, and perhaps not at any time in the future. Prof. J. B. McClure, who was at the head of the school, is teaching at Chattarol, W. Va.

The will of Rev. Callahan provided for the establishment of a school between Louisa and Catlettsburg, and two years ago the location was decided upon by the authorities of the M. E. Church, in whose hands the matter rested. The James Q. Lackey place just below Louisa was purchased and the school was at once established. The attendance last year came up to expectations and prospects for this year are said to have been good. The authorities were unwilling to go ahead after the suit was filed.

## WEST VIRGINIA SOLDIER KILLED NEAR KENOVA.

Wayne County authorities are investigating the circumstances surrounding the death of Private Joseph Slater, Second West Virginia Infantry, whose body was found on a railroad trestle at Kenova last Sunday morning. Slater, who resided at Williamson, had been summoned as a witness in the Mingo county election, fraud cases now on trial in the federal court in Huntington. His friends declare he was first attacked and his body placed on the track.

## JURY AWARDS \$10 A MONTH FOR 14 YEARS

The Lawrence county court was occupied for several days with a suit of Jeannette Rionys, of this place, against A. S. Hatfield, a deputy sheriff of Pike county. He was charged with being the father of her child, born last February, and the suit was for maintenance. The jury rendered a verdict requiring Hatfield to pay ten dollars per month for fourteen years.

Mrs. Rionys moved to this place from Pike county two years ago.

## \* ARBOR DAY NOVEMBER 10.

November 10 has been designated as Arbor Day in Kentucky. Gov. Stanley will issue a proclamation calling for its general observance and, following the proclamation, State Supt. V. O. Gilhert will send out programs for its observance by the schools.

## SUNDAY SCHOOL WORKERS.

Carlisle, Ky., Sept. 26.—The Rev. W. J. Vaughan, one of the best known Sunday school workers in the State, was one of the leading speakers at a convention of Sunday school workers of all churches here to-night in the Carlisle Baptist church.

## ONLY FEW MORE FILING DAYS.

Only a few days remain for candidates to file their certificates of nomination with Secretary of State James P. Lewis. They must be filed thirty days before the election.

Among those who have filed are L. T. Neal, Republican, Eighth district; W. J. Fields, Democrat, and A. J. Pennington, Republican, Ninth district; J. M. Robertson, Democrat, and F. D. Sampson, Republican, Seventh Appellate district.

## MAN KILLED BY A FALLING TREE

### JOHN MAXIE, OF UPPER BLAINE, THE VICTIM OF AN ACCIDENT.

John Maxie, of Mazie, this county, was instantly killed Tuesday by a tree striking him on the head. He cut the tree down and in falling it landed on a smaller tree and was deflected from its course sufficiently to catch Maxie. His brother witnessed the sad accident.

Mr. Maxie was about 45 years old. He leaves a wife and two children, one grown and the other a small boy. He was a well-to-do citizen, owning a considerable amount of land, and was highly respected.

## ELECTION CASE TO BE HEARD NEXT FRIDAY.

The election contest suit of Kirk vs. Sampson, passed upon Saturday at Barboursville by Judge Stack, who rendered a verdict in favor of Judge Sampson, is expected to be heard Friday by the Court of Appeals to whom Judge Kirk has appealed.

Should the court hold in Judge Sampson's favor he will be granted a certificate of nomination and his name will be on the ballot this fall, should the court hold that Judge Sampson did not comply with the law when he did not file his expense account with the secretary of the State within fifteen days of the primaries, then the court will have to decide if Judge Kirk's failure to file a detailed and itemized account precludes his being declared nominee. Should the court hold that it does not, then the case may go back to the lower court for a hearing of the charges made by Judge Sampson that unlawful means were used to nominate Judge Kirk.

## C. & O. EXTENSION IN WEST VIRGINIA.

The 13 mile extension of the Chesapeake & Ohio Guyan Valley branch from Man to Gilbert will be completed in ten months, is the announcement made by the contractors who are now located at Man and directing the preliminary work of grading.

It is also reported that the Virginian and Norfolk & Western roads are getting busy in connection with the proposed extension to Gilbert, the former coming from Mullens, a distance of 42 miles, and the latter from Wharncliffe, 10 miles. The Virginian route will be along Indian creek, while the N. & W. will come down Pineapple creek.

The C. & O. has in view a further extension of several miles up Gilbert creek and tap the great undeveloped coal and timber territory in that region.—Logan Democrat.

## RURAL SCHOOL SUPT.

J. V. Chapman, former superintendent of schools of Simpson-co., has been selected as Rural School Superintendent to succeed T. J. Coats, who resigned to become President of the Eastern Kentucky Normal School at Rich mond.

## KENTUCKIANS TO ENGAGE IN WARTIME MANEUVERS.

### ACCEPTED CALL TO CALVARY CHURCH.

The Reverend G. H. Harrison, rector of St. Paul's Episcopal church, Gastonia, S. C., has accepted a call to Calvary church, Ashland, and with his family will be there about November to reside.

The Reverend Mr. Harrison is forty-five years of age, and his family consists of Mrs. Harrison and three bright and interesting boys. He comes highly recommended as a man and a good preacher.

The new pastor was in Ashland two weeks ago.

## HELD TO THE GRAND JURY.

Grover Layne, of Ashland, was arrested here last week on charge of entering the gas company office at Louisa and taking about \$18 belonging to Ed Kirk. After being in jail a while he gave bond to answer to the grand jury.

Dick Nance, who gave the evidence on which the warrant was based, left town before time for the examining trial, and a fine of \$50 was assessed against him on a charge of selling liquor.

## REXROAT-CONLEY.

The following is from the Louisville Post of September 22, and refers to Dr. Conley, who was recently graduated from the Medical department of the University of Louisville, and expects to locate in Junction City, near Paintsville and Van Lear:

## REV. FOLEGSON BEGINS WORK.

Rev. W. H. Folegson held his first services last Sunday in the courthouse, the temporary home of the congregation of the M. E. Church South. Large audiences heard him both morning and evening and were very favorably impressed. He and his good wife are receiving a hearty welcome on all sides and the prospects for a profitable year are bright. They hope to be at home in the parsonage very soon.

## PREACHER TRANSFERS.

Rev. Firestone, who was assigned to the Louisa charge of the M. E. Church, did not accept the appointment, but transferred to the Missouri Conference. The pulpit has not yet been supplied.

## BUYING TIMBER.

Hazard, Ky., Sept. 26.—The Buckhorn State company, an Ohio corporation, is buying large quantities of standing timber in Leslie county. Several big tracts of timber were bought last week. One of the largest tracts of land on the whole length of the Middle Fork river which still has virgin white oak timber standing was purchased by this company last week from Mrs. Polly Asher, near the head of the Middle

## The national guard

For defense against invasion, our real national guard is the millions of stalwart, young Americans in all walks of life, who must respond to their country's call for training and service in the ranks of our army and navy. For defense against invasion of the elements CERTAIN-TEED Roofing is the real "national guard".

## Certain-teed Roofing

protects our buildings from the violence of storms; successfully resists the attacks of rain, hail, sleet and snow; is unaffected by the sharp assaults of frost, and the withering fire of mid-summer sun. It even withstands the ravages of time, for CERTAIN-TEED Roofing is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it will outlast the period of guarantee.

The long life of CERTAIN-TEED is due to the fact that it does not dry out, as ordinary roofing does. This is because it is made of the best quality roofing felt, thoroughly saturated with a blend of soft asphalts—the formula of the General's Board of Expert Chemists. This soft saturation is then covered with a coating of a harder blend of asphalts, which prevents the drying-out process, and keeps CERTAIN-TEED impervious to the elements for years after the harder, drier kinds of roofing have dried out and gone.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED Roofing for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

### War News Of The Week.

FRIDAY, SEPT. 22.

The German, Bulgarian and Turkish troops under Field Marshal von Mackensen have been defeated in the Rumanian province of Dobrudja, according to an official statement from Bucharest. It is said that the invaders have retired to the south and are burning villages in their retreat.

A revolutionary Provisional Government has been set up on the Island of

Crete, according to unofficial advices, which add that a committee of revolutionaries is to be sent to Saloniki. Former Premier Venizelos, while declining to say whether he purposes going to Saloniki to head the movement, reverted to his recent statement that "If the King will not hear the voice of the people we ourselves must devise what is best to do."

of the announcement from Bucharest that the Tatars were falling back. Berlin declares that Field Marshal von Mackensen has, by an encircling movement, broken the resistance of the Romanians and Russians and compelled them to retreat.

North of the Somme, in the outskirts of Combles, the French force captured a strongly defended house from the Germans and took 100 prisoners, according to the Paris official communication. The Germans taken prisoner on the Somme front by the French and British from July 1 to September 18, number more than 55,800, of whom 24,000 were taken by the French.

An Entente transport and a French submarine have fallen victims to a German submarine and an Austro-Hungarian aeroplane, respectively. The twenty-nine members of the crew of the submarine were rescued and made prisoners.

Berlin and Vienna admit a reverse in the Carpathians in the Russian capture of the summit of Smotrich Heights, which previously had changed hands many times.

### SUNDAY.

An Athens dispatch reports that definite proposals have been made to the Entente, acceptance of which will induce the entry of Greece into the war. Former Premier Venizelos, strong partisan of the Entente, is quoted as declaring that if the Government controlled by the court party does not act the nation itself must defend its own interests.

The British advancing on a front of half a mile east of Courcelles have made further gains from the Germans in the direction of Sars, on the Pozières-Bapaume road.

The battle in Dobrudja has broken out anew. The Russians and Rumanians, according to Berlin, took the offensive, but failed to make headway. An unconfirmed report from Rome, however, says that Gen. Mackensen is in full retreat and that his forces have abandoned Silistra, taken recently from the Rumanians.

Two Rumanian divisions attacking Hermannstadt have been repulsed, the Berlin report declares.

Airship raided the east and south coasts of England last night. A Zeppelin was brought down in flames on the outskirts of London, according to official announcement, while another was reported brought down on the coast of Essex. "The raid is still proceeding," says the statement. Aerial battles were numerous in the Somme country, the British raiding German aerodromes and ammunition trains, while the French brought down a number of enemy craft.

K. Y. Rockwell, distinguished American aviator with the French corps, was killed in a battle with German airships.

### MONDAY.

Two Zeppelins met their fate at the hands of the British anti-aircraft gunners on the eastern coast of England in Essex after a fleet of twelve or fifteen airships had visited London and other points Saturday night, dropping bombs. One of the machines, with its entire crew, was burned in midair. The other was brought down damaged and its crew taken prisoner. In the metropolitan district of London twenty-eight men, women and children were killed and ninety-nine wounded. Outside of London two persons met death and eleven were injured. Considerable material damage was done by bombs in London and the outlying districts.

Aerial activity along the Somme front is reported as having been particularly violent by both sides. Berlin says twenty-four allied aeroplanes were destroyed, while Paris claims to have destroyed or brought down eighteen German flyers. The statements of their own losses are contradictory.

A Russian attack on the Dniester turned into a general engagement, and Petrograd claims the capture of 1,500 German and Austrian prisoners. Several Carpathian positions have been retaken by the Teutonic Allies.

Advances are claimed by the English, Serbs and French in Macedonia. The British report the capture of Jeumita.

### TUESDAY.

British troops have captured the villages of Morval and Les Boeufs, together with several lines of trenches on a six-mile front between Combles and Martinpuich. This front was pen-

etrated by the French.

Mr. C. H. Peters and children were calling on Mrs. W. H. Ifost and child Sunday.

Miss Lizzie Frazier spent Sunday evening with Mr. and Mrs. Max Frazier at Louisa.

Mr. and Mrs. Henry Carter and daughter were visiting relatives at Pleasant Ridge Sunday.

Mr. and Mrs. Lindsey Wellman and daughter, of Smoky Valley spent Sunday evening with Mr. and Mrs. Max Frazier.

Mrs. Tilly Hayes and Doc Peterman were calling on Max and Lizzie Frazier Saturday.

strated to a depth of more than a mile. Many prisoners were taken and heavy losses inflicted on the Germans.

In a violent attack launched against German positions extending from Combles to the Somme the French troops made noteworthy gains. The town of Rancourt was captured and German positions were taken in the region of Freligny.

Entente Allies continue to report successes in Macedonia. The Russians have made new advance against the Bulgarians and the Serbians have crossed the frontier into their own country north of Klimenograd, while the French have penetrated Petarak.

CATLETTSBURG.  
In Loving Remembrance.

On Sunday evening, Sept. 3, the dear angel visited the home of Mr. and Mrs. Katie Carrell and took them their darling baby, Wilkie. She was only 11 months old, but was a bright, sweet and loving baby and will be sadly missed in the home. Everything was done for her that loving hands and kind hearts could do, but it was God's will that she should go on the voyage across the deep waters of death into the bright harbor of celestial light of love. The eyes that sparkled with light and love are closed forever here on earth and the little smiles are seen no more here, but little Wilkie is smiling more brightly in paradise. Mother, father and brothers weep not for her, but prepare to meet her in the glory world.

Frankfort, Ky., Sept. 25.—Dock Smith who turned State's evidence at the trial of the alleged conspirators charged with the murder of Ed Callahan in Breathitt-co., under promise of immunity, and who afterward was tried and convicted, was pardoned to-day by Gov. Stanley at the request of Commonwealth's Attorney R. A. Crutcher and Judge John Stevenson, of Winchester.

Lexington, Ky., Sept. 21.—Mrs. Emma Bradley-Barger, of Jackson, who was arrested here yesterday on a warrant sworn out by her first husband, charging bigamy, is in an unusual predicament. She cannot understand that she has done wrong. She was taken back to Breathitt county to stand trial.

She is 20 years old, and, according to an interview given out this afternoon, refused to marry Henry Bradley for three years. Bradley was 60 years old. She left him and went home after three months.

Dudley Barger, the second husband, was 20 years old. She declares that Bradley asked her to return and on her refusal promised to tear up the warrant if she would not live with Barger. She declared she would not live with either until she could get a divorce, and said she was on her way to Cincinnati to work in a munitions factory until she could procure a divorce.

The appearance of husband No. 1 on the scene tonight with a promise to drop the bigamy proceedings if Mrs. Bradley-Barger would return to him led her to declare, just before boarding the train in the custody of the Deputy Sheriff, that she supposed "the best way to keep out of the penitentiary was to go back to Henry," and she announced her intention to do so.

Hazard, Ky., Sept. 25.—On the examining trial of United States Deputy Marshal George Sizemore, charged with killing Moses Feltine here, Sizemore was released without bond. It is thought that the action of the County Court will relieve the revenue officer of any further prosecution.

Burglars entered the home of Mr. and Mrs. J. S. Ashworth in Ashland Saturday night and helped themselves to everything in sight. They gained entrance by prying open the window. They went through the house from cellar to garret, and they were quite successful, evidently finding what they were searching for. This burglar took Mr. Ashworth's pocketbook and also several bills from his vest pocket and suit of clothes. He likewise relieved the vest of a solid gold watch. He retreated to the downstairs departments, and was successful in finding a little silver mug in which Mrs. Ashworth kept her rings and small change. This mug contained her wedding ring, and also about fifteen dollars in money and another solid gold ring. Of course, he took them all. His loot amounted to seventy-five dollars in money, the clothing and the rings.

Chas. Smith filed suit for twenty-five hundred dollars damages against Dr. J. L. Richardson, alleging unskillful treatment of a wrist which was broken in July 1915, when Smith fell from a scaffold while doing some work on a new church being erected at Grayson.

Mrs. Doc Hutchison of Hitchens, died Wednesday of tuberculosis and was laid to rest Thursday in Fairview cemetery. She leaves a husband and one child, father, mother and a host of other relatives.

Prof. Joseph H. Kastle, director of the Kentucky Agricultural Experiment Station, a chemist and an author, died of Bright's disease at his Lexington residence Sunday.

Olive Hill, Ky., Sept. 24.—Mrs. Sarah Day, charged with poisoning her husband, James Andrew Day, at Enterprise, this county, was sentenced to the penitentiary for life. Robert Sparks, who is held as an accomplice, will be tried in a few days.

It was brought out at the trial that arsenic had been administered to Day in small quantities. The case created considerable excitement at the time. The woman denied being guilty and asserted her husband had taken the poison with suicidal intent.

Bristol, Tenn., Sept. 24.—Bristol whisky men are now adjusting their affairs preparatory to closing their doors on the night of October 31, when whisky traffic in the State of Virginia is to cease. A number of liquor houses, and one big distillery, now doing business on the Virginia side of the city, will close doors when the new law becomes effective.

Irving, Ky., Sept. 20.—Col. William Wallace, of this place, and his nephew, William Wallace, Jr., of Central Kentucky, stood yesterday before Judge Jarrett in Chicago to ask for the life of negro. The prisoner, a modernized, city-bred mulatto, likewise is named Wallace. He is the son of "Uncle" Ernest Wallace, who was a slave in the family of the Wallaces of Kentucky, and who, at the age of 76 years, is yet a faithful domestic servant on the plantation where he was born.

Wallace, the negro defendant, was convicted on July 28 and ordered hanged by a jury that found him guilty of having shot to death John Levi, a saloonkeeper, in a hold-up. Sentence was to have been passed yesterday. The verdict will be read by Judge Jarrett next Tuesday.

Sheriff Geiger went to Lexington from Floyd county with two boys and two girls, who were sentenced to the Reform School by the Juvenile Court. They are Albert Jenkins, son of Ken Jenkins; Morgan Sansom, son of Mary Sansom; Vervia Mirand, daughter of Wm. Mirand, and Georgia Wellman, daughter of Elisha Wellman.

Elizabeth Webb, the seven months old baby daughter of Mr. and Mrs. W. M. Webb, of Ashland died Friday and was buried Saturday.

Rev. J. H. Stambaugh and wife of Charleston, W. Va., are spending a few days with Mr. and Mrs. Herbert Moore in Winchester. Mr. Stambaugh is Mr. Moore's uncle and formerly preached in Lexington and at other Central Kentucky points. He now has charge of the Christian church in Charleston.

Judge A. J. G. Wells, former warden of the State reformatory at Frankfort, who after leaving the capital located at Irvine, Ky., has decided to embark in the hotel business in the Estill county capital and will open the Wells hotel in that city. The hotel, which has been remodeled and thoroughly modernized, will be personally conducted by Judge Wells and his wife.

The condition of Mike Schotaki, the Russian miner who was injured at Van Lear, Ky., and who was brought to a hospital is reported to be very serious and but very little hope is held for his recovery. Two tons of slate fell on him according to the reports and he was horribly crushed.—Ironton Register.

Grace, the four months old baby of Mr. and Mrs. Nathaniel Douglass were in Olive Hill Wednesday where they went to see Dr. Cecil Hudgings, brother to Mrs. Vansant, who is suffering

from hardening of the arteries about her heart.

Campbell, Ky., Sept. 21.—C. X. Johnson of Tazewell and Charles Habit, formerly of Hazel Green, have bought the outfit of the old Wolfe County News and will resume publication of the paper. The first issue will appear the first week in October. The paper will be Democratic in politics.

Clarence Lottis, nine year old Kentucky boy who was taken to a hospital in Ironton, O., last week suffering from spinal meningitis died early Thursday morning. The body was shipped to the home of his parents.

The meningitis followed an attack of typhoid fever from which the boy recovered.

Miss C. B. Berry, of Ashland, who for the past year has ably and successfully represented a Typewriter Co. in this territory which includes the Big Sandy division of the C. & O., railroad as well as a part of the Cincinnati division has resigned her position. She found the duties of a traveling salesman required her to be on the road at all hours of the day or night too great for her strength. Miss Berry will spend the winter at the home of her parents on a farm in Central Kentucky.

Squire S. J. Blair, of Ashland, who has been in poor health for some time suffering from a nervous derangement has gone to Falcon, Magoffin-co., where he will spend several weeks and hopes that the change will prove beneficial to his condition.

## SUNDAY-SCHOOL CONVENTION SOON

FIFTY-FIRST ANNUAL MEETING  
TO BE HELD AT SOMERSET,  
OCTOBER 5, 6, 7 AND 8.

### MARION LAWRENCE TO SPEAK

Sunday School Workers From All Parts of State to Be Present—Many Speakers of National Reputation Are on the Program.

The program that has been prepared for the fifty-first annual convention of the Kentucky Sunday School Association, which will meet at Somerset October 5-8, is an unusually attractive one. It is not often that so many speakers of national reputation can be secured for one gathering, but this time the committee in charge was very fortunate in getting just the leaders necessary to make the program so complete that there will be something that will be helpful for all Sunday School workers, whatever the position in the Sunday School may be. There will be a unity through the entire program, the general theme being "To

### ACQUAINTANCE HOUR

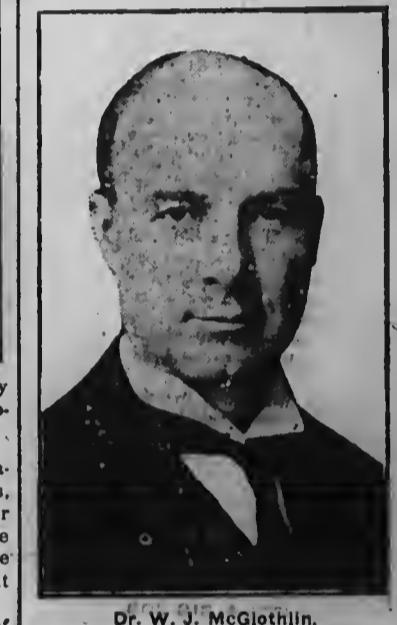

Feature of State Sunday School Convention.

All over Kentucky there are men and women who are doing fine things in their own Sunday Schools, some are pastors, some are superintendents and some are teachers. Then there are a lot of people who serve as county officers, giving very much of their time and energy to helping all the schools in their counties to do better work and get more people into their schools. Many of these have never met the workers outside of their own counties. There will be an opportunity at the State Convention for these to get together, learn each other's names, tell some of the successes they have won, and learn how to solve some of the problems they have met. One of the great blessings that comes from a large convention is the making of new friendships.

### KNOWLEDGE OF BIBLE ESSENTIAL THIS YEAR

Superintendent Educational Department of the Kentucky Sunday-School Association to Speak at Convention.

Leading educators now admit that a knowledge of the Bible is necessary for the truest type of education. The Sunday-school is fast becoming a real educational institution, and the same test of efficiency should be given to the work done there that is given to the work done in the day school, and the teachers in the Sunday-schools should be given as careful training.

Marion Lawrence, General Secretary International Sunday School Association, Chicago.

Serve," but there will be such a variety in the treatment of the topics, and such a number of conferences for the discussion of different parts of the Sunday School that every one will be able to find something that will suit his special needs.

The very mention of the names of such speakers as Mr. Marlon Lawrence, Dr. John R. Sampay, Mrs. Phene A. Curtis, Miss Nannie Lee Frayer, Dr. Chas. D. Bulla, President R. H. Crossfield, President W. A. Gainesfield, Dr. W. J. McGlothlin, Mr. C. J. Nugent, Mr. Roy Roadruck, makes one determine to attend the convention. Then in addition to hear Mr. Chas. H. Gahrel sing and to belong to a chorus with this famous author and leader of music as the director still gives one only a partial conception of the great things awaiting those who attend this convention.

**IS A PROMINENT EDUCATOR**

President R. H. Crossfield, Enthusiastic Sunday-School Worker, is on Convention Program.

There are some people who are able to do many things, and do them all well. Dr. Crossfield was for many years a successful pastor, and organized in his church a fine Adult Bible Class. Later he was called to the presidency of a great university, and made such a success of that there was added the presidency of a Bible college for the training of ministers. In whatever position he is placed he is always ready to give freely of his gifts to helping in any movement that is trying to make the world better. It is a difficult matter for such a man to so adjust his time that he can accept the invitations that come to him. It is a great pleasure to the Sunday-school workers of the state that Dr. Crossfield can take part in the annual Sunday-school convention to be held at Somerset, October 5-8.

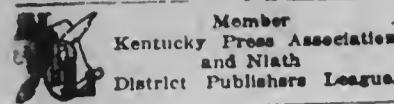

### ENCOURAGING REPORTS

Wonderful Strides Have Been Made By Sunday-Schools of State.

The last year has been one of remarkable growth in the Sunday-schools of Kentucky. The reports of the President, Mr. Huston Quin; the General Secretary, Rev. Geo. A. Joplin; the Field Workers, Rev. T. C. Gebauer and Mr. W. J. Vaughan; Office Secretary, Miss Frances Grigsby, will all have places on the program. Every Sunday School in Kentucky is entitled to send delegates, and some schools will send a number, and in that way will bring back to the school the most helpful, up-to-date plans and ways for improving the Sunday School. All pastors, superintendents and teachers who can possibly do so ought to attend this convention. Write to the Kentucky Sunday School Association, 713 Louisville Trust Building, Louisville, for further information, if desired.

**IT'S A BIG JOB.**

No president since Lincoln has had to handle such complex problems as President Wilson has been confronted with. He has kept you out of war. He stopped the railroad strike. Financial, agricultural and labor legislation of his administration stand as a great monument to work well done. Do you want to make a change?

**LET HIM FINISH IT.**

Who wants to swap off the present unparalleled prosperity? Nobody but the Republican pie hunters.

John M. Parker, recently nominated for vice president on the Progressive ticket, has come out for Wilson and will make speeches for him.

What has become of that old campaign cry about "confidence" as applied to business and politics? The great Federal Reserve money system killed this bugaboo and the panic germ and paralyzed the calamity howler at the same fell swoop.

We ordered a certain grade of job printing ink recently and received a letter from the manufacturer stating that the price had increased one thousand per cent on account of the European war, which made it very difficult to procure the coloring matter for this purple copying ink. Yet, they tell us the war is making the enormous prosperity that the United States is enjoying. Some grades of paper are three times as high as before the war, because the raw products are not being shipped in.

The truth is that, this country is prosperous in spite of the war.

Only munitions plants and a few lines demanded for the soldiers of Europe are prospering because of the war. Look at the great lumber industry. It was paralyzed for awhile by the war, on account of exports being shut off. The foreign markets are still shut off, but the prosperity is so great inside the United States that the lumber business is booming.

The great new money system put into effect by President Wilson's administration, preventing panics and guaranteeing a steady supply of money for carrying on business enterprises, is more than anything else responsible for the present prosperity.

That Wilson's clear-headedness, courage and progressive tendencies would attract the independent minds of the country to his standard has been confidently expected. Now as the issues between the two presidential candidates, the men and the things they stand for, are being discussed and made clear the lining up begins. Besides the large number of progressive and independent leaders already in the Wilson ranks, in the last two weeks the following significant things have come to pass:

Thomas A. Edison comes out in a strong interview approving Wilson's courage, wisdom and course of action and announces his support of him.

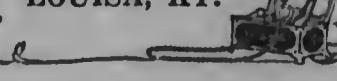

**Choose Your Gift With Care**

THE gift is ever a constant reminder of the giver. How important it is then that your remembrance to the graduate or bride be a suitable selection. Here you may find dainty pieces for personal adornment—bracelets; la vallieres; rings; cuff-buttons. Or, there are articles for home use—silver; toilet sets, vases. We also have a splendid lot of those timepieces of merit—ELGIN WATCHES.

Take time to stop in.

#### AVERTED CRISIS.

A joint debate took place in Cincinnati a few days ago between the Congressmen Fees and Bowles.

Mr. Bowles said the entire Republican delegation from Ohio, except Congressman Fees, had voted for the bill.

Mr. Bowles inquired: "What would Brother Fees have done in such a crisis? It is easy enough to be rhaueur from the rear seat!"

"Republican rascals are like eclipses, their coming duty can be prophesied and figured. Every year at the first frost, there will be a crisis, actual or prophesied," said the speaker.

Mr. Bowles referred to the action of Roosevelt in the anthracite coal strike and the panic of 1907 as instances where there was no authority in law for meeting an emergency.

"It is a wise politician who lets the damage come and linger for a while, and then, when the nation clamors, relieve it. Suffering relieved is more appreciated than suffering prevented."

"If Woodrow Wilson had sat still and done nothing, and had the strike been allowed to run two weeks, what a howl would have gone up, coast to coast, from the hungry, the sick, the cold, the bankrupt, for some bold stroke to settle it! And then had Wilson settled it with such a bill as this bill he would have been a savior like unto Roosevelt. Why, Congressman Fees, with his colleagues, would have fallen over each other to get to the half of the House to vote on such a bill."

"The statesman averts the trouble. The politician lets it come and then cures it."

"The President was looking out for the public. He saw neither the unions nor the railway magnates. He saw a suffering public and acted. He did not play the politician and see them suffer, and then act."

"Hughes and Fees stand pretty nearly alone in their condemnation of this law. Seventy Republicans, led by Mr. Cannon, stood by the President, and refused to join the group of critics."

Mr. Bowles closed with a eulogy of President Wilson and Dr. Fees took the floor to answer him, retorting that his Democratic opponent had not met the question. During the debate there were clever bits of repartee and it was conceded by the crowd that each man had handled his side of the case in a masterly manner.

### ACQUITTED.

Alvin Estep, charged with the killing of Harrison McCoy, Sr., and Harrison McCoy, Jr., and seriously wounding the latter's brother in Pike-co. one year ago, was acquitted at his trial which was concluded Friday. Estep pleaded not guilty and claimed justification for the double killing which he never denied. The defense showed that old man Harrison McCoy and his two sons went to Estep's house one night and not only abused and threatened, but committed violence on members of his family. He shot one of the alleged intruders to death in the house and compelled the other two to run for their lives, shooting young Harrison McCoy as he fled, the wound later causing his death.
